CAPABILITIES STATEMENT

PROFILE AND CORE COMPETENCIES

Graham & Associates, Inc. was formed in 1999 to provide premier services to clients who are focused on quality, timing, innovation, and improving the "bottom line" (cost) results of their projects. The company has evolved to offer a diverse, yet integrated portfolio of services that are adaptable to meet our client's needs and exceed their goals.

DIFFERENTIATORS

Graham & Associates is not only focused on what is expected, but we believe in *Going Beyond* what is expected to levels of service that are unheard of today. We understand the complexities of today's environment and our Lean Six Sigma certified, Cost Benefit Analysis and ISO 9001 trained staff stand ready to assist your organization. Our experience and training allows us to streamline processes, analyze cost, and deliver a quality program that promotes industry best practices. We plan, manage, monitor, control and provide solutions that make our client's job easier. Every opportunity is different and our team tailors each service to exceed the specific goals of our customer.

SERVICES

- Business Management and Administrative Support
- Building Construction and Construction Management

CAPABILITIES STATEMENT

GRAHAM & ASSOCIATES, INC.
Delivering Positive Results for Our Clients

WHAT OUR CLIENTS ARE SAYING

“Angela Graham of Graham & Associates, Inc. is an excellent business partner. Whether you are working on pursuing opportunities jointly or working through an assignment together, you will be hard pressed to find a company that is more thorough, more professional, and more diligent about their business.

And on top of all of that, the President of the company is just a fundamentally good, decent, and warm-hearted human being.

I recommend and endorse her without reservation”

- DOUG HOOKER
Executive Director,
Atlanta Regional Commission
